

Technical Bulletin – Hidden Fasteners

Product	NexGEN Composite Decking
Report	Hidden Fasteners
Description	<p>One of the great advantages of NexGEN composite decking is the smooth, nail free look of our beautiful boards. How does that work?</p> <p>Our deck boards are grooved on the outside edges to allow for the placement of hidden fasteners. NexGEN Hidden Fasteners create a premium installation.</p>
Types and Applications	<div style="display: flex; justify-content: space-between;"> <div style="width: 60%;"> <p>NexGEN Line Fastener Designed for timber sub frames/joists</p> <p>NexGEN Butt Joint fastener Designed for timber sub frames/joists The Butt Joint Fastener eliminates the need to double joist or use two fasteners at joints</p> <p>NexGEN Cobra Clip Designed for steel sub frames/joists</p> <p>NexGEN End Clip Fastener End Clip Fasteners eliminate surface fasteners at the beginning and end boards of the deck</p> <p>NexGEN Cortex Driller fastener requires no predrilling into deck framing. Simply drive the fastener at the pre-set level using the setting tool to fasten the board and create a clean, cored hole. Next, gently tap in the colour-matched plug made of the same decking material to create a fastener free surface.</p> </div> <div style="width: 35%; text-align: center;">  <p>Line Fastener</p>  <p>Butt Joint Fastener</p>   <p>End Clip Fastener</p>  </div> </div>
Features	<p>Designed with more "teeth" and sharper curves, the exclusive Line Fastener and Butt Joint Fastener grip deck boards for a strong hold to the joist.</p> <p>Dual tabs ensure consistent spacing and resist twisting common with single tabs. The keyhole design properly orients and seats the screw for optimal installation.</p> <p>Manufactured from 316 stainless steel with a black oxide coating to avoid reflections</p> <p>NexGEN Hidden Fasteners are backed by a 20-Year Limited Warranty</p>
